bhatt5mahesh@gmail.com

CAREER OBJECTIVE

To be a part of a growth oriented organization, and utilize the best of my knowledge and skills in contributing to the success of the organization.

EMPLOYMENT

Frontend Developer

Annalect India

March 23 – Present

As a frontend developer, I specialize in translating design concepts into captivating web interfaces using HTML, CSS, and JavaScript. I optimize user experiences through responsive layouts and ensure cross-browser compatibility. I've successfully developed HTML ad banners, redesigned websites, and crafted email templates for enhanced engagement. Collaborating with UI/UX teams, I contribute to agile processes and stay updated with the latest frontend trends to deliver seamless, visually appealing solutions.

Ass. Frontend Developer

Crux Creative Solutions Pvt. Ltd.

Oct 2020 – March 23

In my previous role as a associate frontend developer, I focused on translating design concepts into interactive web interfaces using HTML, CSS, and JavaScript. I collaborated closely with cross-functional teams, ensuring seamless integration of frontend and backend systems. Code reviews and performance optimization were routine tasks to maintain high-quality code and enhance user experience. I also kept up with evolving frontend technologies and prioritized web accessibility to create inclusive digital products. Overall, I contributed to crafting visually appealing, responsive, and user-centric web applications.

Frontend Developer

Amayaan Wellness Solution Pvt. Ltd.

April 2019 – 11th Oct 2020

I create user-friendly web interfaces (HTML, CSS, JavaScript), collaborating with designers for seamless integration. I optimize frontend performance, ensure cross-browser compatibility, and adhere to accessibility standards, contributing to team-driven, improved frontend practices.

SKILLS AND TECHNOLOGIES

- Proficient in HTML5, CSS3, JavaScript, and frontend libraries/frameworks (React JS).
- Strong understanding of responsive design principles, cross-browser compatibility, and web accessibility standards.
- Experience with version control systems (e.g., Git) and modern development tools.
- Problem-solving aptitude and ability to diagnose and resolve frontend issues efficiently.
- Agile methodologies and collaborative team player.
